DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 4 and 9, the previous art of record teaches of a power control method for a mobile station in a mobile communication system, comprising the steps of: at a request of a mobile station user, sending a power-down registration request from the mobile station to a base station as many times as a specified maximum attempt sequence until receipt of a response from the base station; and upon failure to receive the response from the base station even after the attempts to send the power-down registration request as many times as the specified maximum attempt sequence.

The previous art of record fails to teach of **resending the power-down registration request from the mobile station to the base station as many times as the specified maximum attempt sequence after failure to receive a response.**

Claims 2-3, 5-8 and 10-13 depend upon claims 1, 4 and 9, respectively; therefore, the examiner gives the same reasons for allowance as set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
